On a guided tour, you will learn about the spectacular buildings on campus and the creation of some of the world-famous Vitra designer pieces. Vitra produces furniture from great designers like George Nelson, Jean Prouvé, or Charles and Ray Eames; out of a desire to document the company's history, owner Rolf Fehlbaum began collecting designs from these designers. In 1989, Frank O. Gehry built the museum's main building, thus creating the ideal area for presenting these breathtaking pieces. Today, the steadily growing Vitra Design Museum is a prestigious cultural institution that has greatly contributed to the research and popularization of this art form.</p>	<p>Basel Tourism Mrs. Ann Müller Aeschenvorstadt 36 CH - 4010 Basel Tel. +41 61 268 68 11 Fax. +41 61 268 68 70 ann.mueller@basel.com</p>
